Dear John:

"The Heaven's Declare the Glory of God!" rang true in every aspect of Sunday night's concert. As music filled *Mary, Help of Christians Chapel*, we felt the presence of Christ. Hearing the organ for the first time in many years filled us with myriad blessings! It was an uplifting evening that will remain with us forever.

As we planned this concert, we hoped to herald the name of God, to champion the arts, and to set a standard of artistic excellence for years to come. You and your family helped us to meet these goals through your dedicated work in refurbishing our instrument.

Please extend our deepest thanks to your family members. We are most grateful for your generosity and friendship to us, and look forward to many more organ concerts in the future.

Warm regards,

Rev. Louis J. Molinelli, SDB
